Vito Plus LT Series

The Vito Plus Series (LT 10) is a flexible, powerful Thin Client in the Vinspiro Technologies Thin client portfolio. A compact, Durable, Stable, Smart, Secure device, the Vito series puts more speed into the Power. Speed, and Performance of Vito Series offers superior support for today's modern workforces.

Supportive of VMware, Citrix, Microsoft, AWS, and highly Customized. Optionally equipped with Unified Endpoint Management Software (UEMS) for Centralized Management. Covered by a 3-Year Advance Warranty, Technical support, and software upgrades / Hot fixes.

Deploy future-proof, reliable solutions with end-to-end, enterprise-grade security that's trusted worldwide – Create powerful solutions with a familiar, easy-to-manage operating system and a deep and broad set of out-of-the box functionality. Dedicated use in embedded and IoT applications.

Features

Local browser to access cloud-hosted desktops, apps and services
Microsoft Defender for Endpoint
BitLocker drive encryption Support for Biometrics and Smart card readers
Support for TPM hardware encryption
Unified Extensible Firmware Interface (UEFI) supported
Single Sign-On (SSO)
Support for popular multi-factor authentication solutions
Protection and performance,
Simplified Management
Microsoft Intune / Mobile Device Management Support
Unified communications for VDI solutions

VDI Server or Infrastructure Support

VMware Horizon®
Microsoft® Windows Terminal Server
Microsoft® Azure and Microsoft® Azure Virtual Desktops
Citrix Workspace / Citrix Virtual Apps and Desktops
(formerly XenDesktop/XenApp)
Amazon Workspaces

AppSuite

Unified Write Filter protection and lockdown
USB Security Protection
Auto Sign On
Connection Console for VDI / Custom App Configuration

Unified Endpoint Management Suite (UEMS)- Optional

A single platform to manage a wide range of devices, including Windows IoT Enterprise based thin clients.

Embedded Operating System

Highlights-Windows 10 IoT Embedded LTSC 2021

Stable, Smart & Secure
Win 10 IoT Embedded OS delivers a stable, secure, and customizable platform for Thin clients

It offers long-term support and specialized features designed to meet the unique requirements of various industry verticals.

Performance Enhance system performance and efficiency for embedded applications

Quality/Advanced Security with Device Guard & BitLocker
Quality updates, which consist of security patches and hotfixes to ensure ongoing reliability and compatibility. Security features, including Device Guard, Credential Guard, and BitLocker encryption, providing robust protection against malware, data breaches, and unauthorized access

Compatibility
Compatibility with legacy applications and hardware, allowing older software and peripherals to function seamlessly without compatibility problems.

Customization, Lockdown
Fine-tuned Embedded OS / Control access to certain features or applications.

Long Term Extended Support for Extra Long Security and Lifecycle Support
Ten years of extended support and stability, delivering updates and security patches. That allows for reliable planning for the lifespan of your End Point Devices/Applications.

Note: Actual display performance, such as multi-monitor and higher resolutions including 'UHD/QHD/WQHD are dependent upon your current VDI infrastructure and any additional requirements. Consult with Vinspiro Technologies for further guidance and model recommendation..

Specification: Vito Plus LT-10

System	
Processor	Intel Quad Core 1.1GHz (2.6GHz Burst)
Processor Graphics	Intel UHD Graphics 600
Memory	
RAM	2 x SODIMM DDR4 ,2400 MHz 4GB / 8GB
Flash	2.5″ SATA SSD, 128GB /256GB
Display / Ports	
Ports on Device	2 x HDMI, 3 x USB 3.1, 2 x USB 2.0, 1 x USB 3.1 Type C, 1 x DC Jack, 1 x Combo Jack,
Video Resolution	1 x HDMI :3840 x 2160 @60Hz, 1 x HDMI :3840 x 2160 @30Hz
Networking	
Wireless	1 x M.2 2230 WLAN 802.11 ac
Ethernet	1 x Gigabyte Ethernet LAN
Dimensions	
Device	132 x 118 x 56.4 mm, ,0.88 Ltr
Weight	0.64 Kg.
Mounting	VESA: 75x75mm/100x100mm
Environmental	
Operating Temp.	0°-35°C 20-80% non-condensing humidity

OS	Windows 10 Emb. IoT Enterprise LTSC
Management Suite	Unified Endpoint Management Suite (UEMS)
Software Applications	Citrix Workspace Client, Citrix HDX Real time Media Engine, AWS Client, RDP Client, VMware Horizon Client, Remote Desktop Client (AVD), MS Edge, Vi AppSuite, Vi Connection Console
Connection Servers	Citrix, Citrix Storefront, Netscaler, Citrix Cloud, VMware, Workspace One, Horizon Security Server, Amazon Workspaces.
